

Advertisement for a Position of Project Assistant in the Department of Chemistry-MNIT Jaipur.

A *Project Assistant* position is available to work on a **DST-SERB** funded research project titled “*Organometallic-Photosensitizers Bearing Hybrid N-Heterocyclic Carbene Ligands*”. This project will involve extensive synthetic chemistry and photo physical studies. Training will also be provided to handle advanced air-sensitive techniques, electrochemistry, and perform photo physical measurements. The position is immediately available for 8 months. Upon satisfactory performance during this period, the position may be renewed further for another two years. Successful candidate will be encouraged to pursue PhD program of MNIT-Jaipur; however, the enrolment into the doctoral degree will follow the standard admission procedure of the MNIT Jaipur.

Selected candidate will be paid 21,600 INR/month (including HRA).

Qualification: First Class M.Sc., degree in Chemistry: General/ Inorganic / Organic / Physical / Applied Chemistry. Candidates appearing in the final semester of the qualifying examination may also apply, provided they can complete the degree before the joining date.

How to apply: Send a complete resume/bio-data including the details of all examinations (board/university) with percentage of marks obtained, details of GATE/NET scores if any, one-page abstract of the project work undertaken in the qualifying degree level and any other relevant qualifications *via* e-mail on or before 15th May 2017.

Contact details: Dr. Abbas Raja Naziruddin, Department of Chemistry, MNIT-Jaipur.
