## SCOPE OF WORKSHOP

This program gives participants the understanding of 3D visualization and development of building drawings using software packages. This program has been designed to be generic in nature for satisfying the needs of students to learn the application of software pursuing their degrees in civil/construction. Training will be delivered on the basics of CAD/3D, REVIT/BIM, SEWER GEMS, and WATER GEMS. Hands on lab sessions on various software tools will be conducted in the workshop.

Malaviya National Institute of Technology Jaipur is one of the NITs established in Jaipur known as Pink City. The institute was established as a joint venture of the Government of India and the Government of Rajasthan in 1963. MNIT campus spreads over 325 acres of lush green area in the central location of Jaipur city. At present the Institute offers undergraduate and post graduate courses (M.Tech/M.Sc. & Ph.D.) to about 4500 students in almost all leading fields of engineering, technology, management and sciences. The Institute has renowned faculty and labs with state of the art equipment. The institute is actively engaged in research, consultancy and developmental activities besides imparting regular teaching.

## How to Reach MNIT

Jaipur is well connected by road, rail and air services. It is about 270kms from Delhi. MNIT Jaipur is situated on Jawahar Lal Nehru Marg and is about 9kms each from main railway station of Jaipur and from Central Bus Stand (Sindhi Camp). Airport (located at Sanganer) is about five kms away from the institute.

### ANNOUNCES

## A Five-days workshop on

## Drawing and Water/Sewer Modeling Software Tools in Civil Engineering

(September 4-8, 2019)

## ABOUT CIVIL ENGG. DEPTT.

Civil engineering discipline was introduced at Malaviya National Institute of Technology (then Malaviya Regional Engineering College), Jaipur, in 1965. It is equipped with world class laboratories, especially material testing, hydraulics, survey, road material testing, and soil testing laboratories. Right from its inception, the Department has been doing its best to bring about excellence in academics.

The department is equipped with latest facilities and equipment for extensive training to both the undergraduate and postgraduate students. In addition to that these are also used for numerous research, consultancy and testing works.

## COURSE CONTENTS

- ☐ AutoCAD especially for Civil Engg. Drawings
- ☐ Concepts of BIM
- ☐ Autodesk-REVIT for 3D building modeling and visualization
- ☐ Concepts of Water and Sewer Modeling
- ☐ Water GEMS
- ☐ Sewer GEMS

## EXPERTS

The workshop will be delivered by a pool of experts on the subject from MNIT Jaipur and other organization.

## Who Should Attend?

Faculty of engineering at Degree/Diploma levels, UG/PG students, can benefit from this workshop.

**It is mandatory that students must provide a copy of their identity card with registration form.**
