

Indo-German Summer Winter School 2018-19 (IGSWS 2018-19)

A unique program of Indo-German Summer Winter School 2018-19 was organised at Centre for Energy and Environment, MNIT Jaipur during 24-28th Sept 2018; where 8 students and faculty member participated from East Bavarian Technical University of Applied Sciences, Amberg-Weiden (OTH-AW), Germany. From

Indian side, 8 students alongwith all faculty members of centre and PG as well as PhD students participated in this school. There were lectures and hands-on traing cum short projects in multi disciplinary areas like, Energy Efficient Buildings, the Indian Renewable Energy Market, Advanced PV systems, Energy storage and Bioenergy and solid waste management. There were Industrial site visits of solar power plants and biogas plants. Other than this, to familiraize with Indian cultures and traditions there were many activities where participants learnt and got to know the Indian culture. Indian participants (10, studenst and faculty) will be traveling to Germany during Feb 2019 to learn and share the

knowledge.
