

An Expert talk on Applied AI/ML in Industry: Challenges, Learnings, and the Road Ahead

On 3rd October 2025, the Department of Chemical Engineering, MNIT Jaipur had the privilege of hosting an insightful expert lecture by **Mr. Vikesh Singh Baghel**, Principal Data Scientist at Microsoft, Bengaluru, and a proud alumnus of MNIT Jaipur.

Mr. Vikesh shared his rich industry experience through a thought-provoking session on **“Applied AI/ML in Industry: Challenges, Learnings, and the Road Ahead.”** He discussed the real-world applications of Artificial Intelligence and Machine Learning across diverse sectors, the practical challenges faced during implementation, and his perspective on the future landscape of AI-driven innovation.

The session offered students a valuable opportunity to connect classroom learning with cutting-edge industrial practices. His talk inspired many young minds to explore the vast potential of AI and ML in engineering and research.

The department extends heartfelt thanks to **Mr. Vikesh Singh Baghel** for taking time to interact with the students and share his expertise.
