**MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY JAIPUR****ANNUAL REPORT 2024-25****1. MNIT JAIPUR – AN OVERVIEW****1.1 VISION AND MISSION STATEMENT****Vision**

To create a centre for imparting technical education of international standards and conduct research at the cutting edge of technology to meet the current and future challenges of technological development.

Mission

To create technical manpower for meeting the current and future demands of industry: To recognize education and research in close interaction with industry with emphasis on the development of leadership qualities in the young men and women entering the portals of the Institute with sensitivity to social development and eye for opportunities for growth in the international perspective.

1.2 KEY OBJECTIVE

MNIT shall strive to impart knowledge in such a manner as to achieve total satisfaction of students, parents, employers, and society.

INSTITUTE MOTTO

योगः कर्मसु कौशलम्

Excellence can be achieved only through perseverance and hard work.

1.3 EDUCATION SYSTEM

The Institute is a centrally funded technical institute and awards its own degree. A semester scheme is followed for both undergraduate and postgraduate programs. The academic performance of a student is graded on a ten-point scale; the letter grades awarded to a student in all the courses (except audit courses) are converted into a semester and cumulative performance index called the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA), respectively. A system of feedback by the students about the instructor and the course is also in practice.

1.4 HISTORICAL BACKGROUND

Established in 1963 as a joint venture of the Government of India and the Government of Rajasthan, the Malaviya Regional Engineering College, Jaipur started functioning with 30 students each in Electrical Engg. and Mechanical Engg. The college shifted to its present campus in Jaipur in 1965. Spread over 125 hectares of lush greenery, the campus of MNIT enthrals and inspires. Indeed, all the states and union territories of the country are represented in the undergraduate intake of the Institute (50% from Rajasthan & 50% from all other states & union territories of India), thus making it a perfect example of the celebrated axiom, 'unity in diversity'.

The great educationist and visionary, Prof. V. G. Garde, as its first Principal, moulded its destiny, with his characteristic elan, into a renowned institute. The effort to maintain the high standard and committed approach of the College to the cause of technical excellence was recognized by the Ministry for Human Resource Development and University Grants Commission, New Delhi which granted it the status of a National Institute of Technology and Deemed University on June 26, 2002. It is one of the 31 NITs established in different states of the country. Through an Act of Parliament, it has been granted the status of a Centre of Excellence since 15th August 2007. Governed by the NIT Council, the institute has four statutory bodies, namely, the Board of Governors, the Finance Committee, the Building and Works Committee and the Senate. The institute is fully funded by MHRD, the Government of India, New Delhi.

The institute is under the administrative control of a Board of Governors. It is authorized by the Parliament to award its own degree.

There are fourteen departments viz. Architecture, Artificial Intelligence & Data Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Electronics & Communication Engineering, Mechanical Engineering, Metallurgical and Materials Engineering, Physics, Chemistry, Mathematics, Management Studies, Humanities and Social Sciences. The six centers are Centre for Energy and Environment, Materials Research Centre, National Centre for Disaster Mitigation & Management, Centre for Rural Development (CRD), Centre for Cyber Security (CCS), Continuing and Digital Education Center (CDEC).

The Institute offers 9 undergraduate and 29 postgraduate Programmes. The details of postgraduate Programmes with their date of commencement are as under:

Academic Programmes leading to Bachelor of Technology/Bachelor of Architecture Degree as listed below:

S. No.	Department Name	Discipline/Duration	Year of starting
1.	Architecture/ Architecture & Planning	Architecture (5 years)	1988/2011
2.	Civil Engineering	Civil Engineering (4 years)	1963

The bedrock of any academic institution is the quality of its faculty and in this arena, MNIT is at the forefront. Our 273 full-time experienced faculties have a passion for teaching and an avowed commitment to R&D. The global perspective of the faculty makes the Institute a premier institute of leaning in India. The majority of the faculty hold doctoral degrees. Quality teaching is what we aim at so as to stimulate intellectual curiosity, creativity and innovativeness. The Institute is actively engaged in research, consultancy and developmental activities and collaborates with leading industrial houses and IT companies under various projects.

The Institute has residential facilities for boys as well as girls in its campus. The hostel facility to the maximum extent of accommodation available is also provided to the students of the Institute.

1.5 LOCATION

The Institute is based in Jaipur, which is a lively and vibrant city. Situated in northern India at a distance of around 260 kms south of Delhi, Jaipur would have been a part of the Thar desert, but for the Aravalli hills that provide it with much-needed security from one side, Jaipur offers a multitude of interesting places and attractions, such as lush parks and places for recreation. There are several magnificent palaces and forts such as the City Palace, Amber and Nahargarh forts. It is a city of fun, food and festivals. Vibrant colours, lively folk music and dance performances mark the celebrations of every religious occasion and every change of season. It is, indeed, the 'Pink City'; a heady mix of tradition & modernity, vibrant with recreational, social as well as educational experiences for the students. It has all the facilities and entertainment a student needs excellent shops, restaurants, clubs, sports facilities and a thriving cultural scene.

The Institute is located in Malaviya Nagar on Jawahar Lal Nehru Marg. The main railway station and bus stand are approximately 10 kms from the Institute whereas the airport is about 5 kms away located at Sanganer. Frequent city transport and private transport services are available for the Institute from every point of the city.

1.6 CAMPUS

The campus of the Institute is spread over an area of 317 Acres. It presents a spectacle of harmony in modern architecture, natural beauty and pictures. The campus area has been organized into three functional sectors:

- Hostels for students
- Instructional buildings
- Residential quarter for the staff

The instructional buildings have been so located that these are fairly near to both the hostels and the staff quarters and are at a walking distance from both. There is a branch of ICICI, SBI Bank on the premises and a post-office on the campus. A full-fledged dispensary is supervised by a team of Medical Officers and two compounders. The Institute has also been extending the facility of a part-time Homeopathic doctor and Ayurvedic doctor on the campus. Adequately equipped canteen buildings, one near the instructional zone and another near the hostels provide facilities to the students and the staff during and beyond the working hours of the institute.

1.7 ADMINISTRATION

The Institute, being an autonomous institution, is administered by Board of Governors, which consists of (i) Chairperson (appointed by Visitor) (ii) the Director, MNIT Jaipur (iii) two persons not below the rank of Joint Secretary to the Government of India to be nominated by the Central Government from amongst persons dealing with technical education and finance, (iv) two persons to be nominated by the Government of the state in which the institution is situated, from amongst persons who, in the opinion of that Government are technologists or Industrialists of repute, (v) two persons, at least one of whom shall be a woman having special knowledge or practical experience in respect of education, engineering or science to be nominated by the Council, (vi) one professor and one assistant professor or a lecturer of the institute to be nominated by the Senate, and (vii) the Director of the Indian Institute of Technology in whose zone the Institute is located, or his nominee, not below the rank of a Professor.

The students are given the opportunity to administer their own affairs affecting the co-curricular residential and recreational activities through various committees, such as the Institute Canteen Committee, Students' Aid and Welfare Committee, Hostels and Mess Committee etc.

2. NOTABLE ACHIEVEMENTS OF THE INSTITUTE

Malaviya National Institute of Technology (MNIT) Jaipur, one of the country's premier institutions, continues to scale new heights in academics, research, innovation, and holistic student development. The institute's recent milestones highlight its commitment to excellence, inclusivity, and nation-building.

Academic Excellence and Recognition

MNIT Jaipur has been ranked **8th among all NITs and 43rd among engineering institutes in India** by the National Institutional Ranking Framework (NIRF). The institute currently hosts more than 5,200 students across undergraduate, postgraduate, and doctoral programs, with an impressive record of maintaining the **highest girl-to-boy ratio among all NITs**. Out of 20 medals awarded this year, 12 went to girl students, symbolizing MNIT's strides toward gender equality in technical education.

Curriculum and Policy Innovation

In alignment with the **National Education Policy (NEP) 2020**, MNIT has introduced interdisciplinary learning, industry-linked courses, and full-semester internships. For the first time, **cross-disciplinary minors in 18 emerging areas** and **honours courses within departments** are being offered. Further strengthening its academic base, MNIT has established the **Department of Artificial Intelligence and Data Engineering (AIDE)** and is set to launch a new **B.Tech. programs in Engineering Physics, and Mathematics & Computing** from 2025–26.

Research and Consultancy

The institute has achieved a landmark with **₹ 90 crores in external research funding**—the highest in its history—and **180 consultancy projects worth ₹ 48.80 crores**. Faculty members have been awarded **50 patents**, while **35 new research projects** have been sanctioned, including collaborations with prestigious national and international bodies.

Centers of Excellence and Innovation

MNIT hosts several specialized centers, including:

- **MIIC (MNIT Innovation and Incubation Center):** Home to **123 start-ups**, including seven by faculty members.
- **ISRO-MNIT Regional Academic Center for Space:** Approved nine new research projects in 2024–25.
- **National Center for Disaster Mitigation and Management (NCDMM):** Established the **National Earthquake Testing Facility (NETF)** and partnered with **Concordia University, Canada**.

- **Center for Energy and Environment:** Launched new labs such as **BIPV Lab, Sustainability Research Lab, and TARE**.
- **Materials Research Center (MRC):** Provides world-class material characterization facilities used by academia and industry nationwide.
- **EICT Academy:** Selected for **Phase II of a national training project**, with a ¹ 10 crore grant to train 15,000 faculty.

In addition, two new Centers of Excellence—**Rural Development** and **Cyber Security**—have been approved.

Student Development and Placements

Despite a global recession, MNIT achieved **915 job offers in 2024–25**, with over 200 companies recruiting from campus. The **highest package reached ¹ 64 LPA for undergraduates and ¹ 33.06 LPA for postgraduates**. Students also received scholarships worth **¹ 1.74 crores** from various ministries.

Cultural and sporting events such as **Blitzschlag, Sphinx, and Malaviya Sports Tournament** continue to provide platforms for creativity and leadership. The institute also prioritizes wellness through camps, counseling sessions, and mentoring initiatives.

Infrastructure and Expansion

Recent infrastructural projects include the **Aravali Boys Hostel**, library renovation, and the soon-to-be-completed **Chandrashekhar Hostel**, enabling MNIT to provide on-campus accommodation to all students.

National Initiatives and Social Outreach

MNIT actively participates in government programmes such as **Constitution Day, Unity Day, Ek Bharat Shreshtha Bharat, and Swachhta Pakhwada**. Under the **Unnat Bharat Abhiyan**, MNIT has adopted five villages and functions as the **Regional Coordinating Institute for Rajasthan**, ensuring sustainable rural development.

Awards and Recognition

The institute has introduced **Outstanding Teacher, Researcher, and Staff Awards** to honor the contributions of its faculty and staff. A proud moment arrived with the release of MNIT's own Institute Kulgeet, which celebrates Rajasthan's heritage and MNIT's vision.

Alumni and Institutional Support

Celebrating **60 years of excellence**, MNIT organized its **Diamond Jubilee** with impactful events. It continues to mentor IIT Kota, successfully shifting all its activities to the new Kota campus.

13-February-2025	58th Meeting	NIT Transit House

3.2. COMMITTEES AT MNIT JAIPUR

3. 2. 1. Finance Committee (FC)

All matters relating to finance are dealt with by the Finance Committee, which consists of the following members:

1.	Prof. N. P. Padhy, Director, MNIT Jaipur	In-Charge Chairperson & Member
2.	Ms. Saumya Gupta, Joint Secretary (NITs), Ministry of Education	Member
3.	Sh. Sanjog Kapoor, Joint Secretary & Financial Advisor, Ministry of Education	Member
4.	Prof. Rohit Bhakar, Registrar (I/c), MNIT Jaipur	Member Secretary

During the year (April 2024- March 2025) under report, the FC met on the dates mentioned below:

Date	FC Meeting	Venue
21-May-2024	51st Meeting	NIT Transit House
24-June-2024	52nd Meeting	NIT Transit House
13-February-2025	53rd Meeting	NIT Transit House

3. 2. 2. Building and Works Committee

Based on the norms prescribed by the Government of India, the Building and Works Committee was formed.

The following are members of the Buildings and Works Committee:

1.	Prof. N.P. Padhy, Director, MNIT Jaipur	Chairman
2.	Dean (P&D), MNIT Jaipur	Member
3.	Sh. Mukesh Kumar, Director (Finance), NITs Division, MoE	Member
4.	Ms. Veena Dunga, Dy. Secretary, NITs Division, MoE	Member
5.	Superintending Engineer cum PD, CPWD	Member
6.	Prof. Rohit Bhakar, Registrar (I/c), MNIT Jaipur	Member Secretary

During the year (April 2024-March 2025), the Buildings & Works Committee meetings were conducted on the following dates:

Date	BWC Meeting	Venue
08-May-2024	41st Meeting	MNIT Jaipur
09-December-2024	42nd Meeting	MNIT Jaipur

3. 2. 3. Senate

All-important academic matters, including curriculum development, syllabus approval, and academic rules and regulations, are handled by the Senate. The composition of the Senate, as approved by the Government of India, is given below:

Name	Designation and Address
Prof. N. P. Padhy	Director & Chairman, Senate, MNIT Jaipur
Dr. Ramachandran C. N.	Department of Chemistry, Indian Institute of Technology Roorkee, Haridwar Highway, Roorkee, Utarakhand
Prof. Tripta Thakur	Director General, National Power Training Institute (NPTI), Ministry of Power, BTPS Complex, Mathura Road, Badarpur, New Delhi
Prof. Umakant Dash	Department of Humanities and Social Sciences, Indian Institute of Technology Madras, IIT P.O. Chennai
Prof. A. B. Gupta	Professor, Civil Engineering Department, MNIT Jaipur
Prof. A. K. Vyas	Professor, Civil Engineering Department, MNIT Jaipur
Prof. A. P. S. Rathore	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. Ajay Singh Jethoo	Professor, Civil Engineering Department, MNIT Jaipur
Prof. Amar Patnaik	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. Arun Gaur	Professor, Civil Engineering Department, MNIT Jaipur
Prof. D. Boolchandani	Dean Academic Affairs & Professor, Electronics and Communication Engineering Department, MNIT Jaipur
Prof. Dilip Sharma	Dean International and Alumni Affairs & Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. G. D. Agarwal	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. G. S. Dangayach	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. Ghanshyam Singh	Professor, Electronics and Communication Engineering Department, MNIT Jaipur
Prof. Girdhari Singh	Professor, Computer Science and Engineering Department, MNIT Jaipur

Prof. Gunwant Sharma	Professor, Civil Engineering Department, MNIT Jaipur
Prof. Harlal Singh Mali	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. Jyoti Joshi	Professor, Chemistry Department, MNIT Jaipur
Prof. Jyotirmay Mathur	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. K. K. Sharma	Professor, Electronics and Communication Engineering Department, MNIT Jaipur
Prof. K. R. Niazi	Professor, Electrical Engineering Department, MNIT Jaipur
Prof. Kailash Singh	Dean, Faculty Welfare and Professor, Chemical Engineering Department, MNIT Jaipur
Prof. Kanupriya Sachdev	Dean Students Welfare & Professor, Physics Department, MNIT Jaipur
Prof. Lava Bhargava	Dean Research and Consultancy & Professor, Electronics and Communication Engineering, MNIT Jaipur
Prof. M. K. Shrimali	Professor, Civil Engineering Department, MNIT Jaipur
Prof. M. L. Mittal	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. M. M. Sharma	Professor & Head, Electronics and Communication Engineering Department, MNIT Jaipur
Prof. Mahender Choudhary	Professor, Civil Engineering Department, MNIT Jaipur
Prof. Mahesh Kumar Jat	Professor, Civil Engineering Department, MNIT Jaipur
Prof. Manish Vashishtha	Professor, Chemical Engineering Department, MNIT Jaipur
Prof. Manju Singh	Professor, Humanities and Social Sciences Department, MNIT Jaipur
Prof. Manoj Fozdar	Professor, Electrical Engineering Department, MNIT Jaipur
Prof. Madhu Agarwal	Professor, Chemical Engineering Department, MNIT Jaipur
Prof. Monica Sharma	Professor, Management Studies Department, MNIT Jaipur
Prof. Nirupam Rohtagi	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. Nikhil Gupta	Professor & Head, Electrical Engineering Department, MNIT Jaipur
Prof. Nupur Tandon	Professor, Humanities and Social Sciences, MNIT Jaipur
Prof. R. C. Gupta	Professor, Civil Engineering Department, MNIT Jaipur
Prof. R. P. Yadav	Professor, Electronics and Communication Engineering Department, MNIT Jaipur
Prof. Ragini Gupta	Professor, Chemistry Department, MNIT Jaipur
Prof. Raj Kumar Vyas	Professor, Chemical Engineering Department, MNIT Jaipur
Prof. Rajeev Shringi	Professor & Head, Architecture and Planning Department, MNIT Jaipur

Prof. Rajendra Kumar Goyal	Professor & Head, Metallurgical and Materials Engineering Department, MNIT Jaipur
Prof. Rajesh Kumar	Professor, Electrical Engineering Department, MNIT Jaipur
Prof. Rajive Tiwari	Professor, Electrical Engineering Department, MNIT Jaipur
Prof. Rakesh Jain	Professor, Mechanical Engineering Department, MNIT Jaipur
Prof. Rohit Goyal	Dean Planning and Development, Professor, Civil Engineering Department, MNIT Jaipur
Prof. Rohit Bhakar	Registrar & Professor, Electrical Engineering Department, MNIT Jaipur

3.5. FINANCE AND ACCOUNTS

The Union, Ministry of Education, New Delhi, is providing full financial assistance for both the Capital and Revenue expenditure.

Capital: All developmental activities, such as the construction of buildings, the purchase of equipment, furniture, and books, are procured out of this fund

Revenue: Regular recurring expenditures such as salary & allowances, Pension, Family Pension, Retirement Benefits, Department Operating Cost, Electricity/Water charges, etc., are being met out of this grant.

In addition to the above, R&D sanctions from various funding agencies were also received by this institution.

The audit certificate and the annual statement of accounts of the Institute for the Financial Year 2024-2025 are presented in the appendices. (Detail available at Part-II Annual account & Audit Report page 75)

4. STRATEGIC PLANNING GROUP

MNIT Jaipur has developed a strategic plan for the period 2022-27, with aspirations to transform itself into a world-class higher education institution. In order to fulfil its aspirations to become a leading seat of learning and research, MNIT Jaipur has put forth an ambitious strategic plan that is based upon unambiguously defined performance indicators related to various aspects of its operations. The strategic plan has been developed through a consultative mechanism, taking feedback and suggestions from representatives of various stakeholder groups such as faculty, students, alumni, employers, and policymakers. The identified thrust areas and additional priority areas for the Institute, where a focused effort to improve things is documented with time-bound targets in each of the areas. Implementation of this strategic plan is likely to give an impetus to the Institute in terms of its reputation, ranking, financial sustainability, and stakeholder satisfaction.

5. ACADEMIC PROGRAMMES AND AWARD OF DEGREES

There are fourteen departments and six centers, viz. Architecture, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Electronics & Communication Engineering, Mechanical Engineering, Metallurgical and Materials Engineering, Physics, Chemistry, Mathematics, Management departments, Humanities and Social Sciences, and the Center for Energy and Environment. The six centers are the Center of Excellence in Design, the Materials Research Center (MRC), the Center for Development of Stones, the Advanced Research Tribology Lab, the National Center for Disaster Mitigation and Management, and the Data Center. The Institute offers 9 undergraduate and 23 postgraduate programs.

13.	Invited and attended as a Resource Person and Speaker for the training program titled "Auditors for Universal Accessibility" conducted by the Council of Architecture, sponsored by the Department of Empowerment of Persons with Disabilities, Government of India, held on 04th & 05th July, 2024, at New Delhi.	1
14.	International level Workshop on Net Zero Buildings in India: Decarbonizing the Built Environment at Malaviya National Institute of Technology, Jaipur, India, from 20-01-2025 to 24-01-2025	1
15.	Short Term Training Program Effectiveness of DAY-NULM & Evaluating the Entrepreneurial Impact of the PMSVANidhi Scheme, Jaipur from 09-03-2025 to 13-03-2025	1
16.	One day Stakeholder Consultation on "Technology Enabled Urban Development", Jaipur on 24-03-2025	1

7. 2. DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA ENGINEERING

The Department of Artificial Intelligence and Data Engineering (AIDE) at Malaviya National Institute of Technology (MNIT) has come into existence from the academic session 2023-2024. The department, with the Joint faculty of different disciplines, promotes academic and research in AI, Data engineering, and related technology to equip students with the knowledge and skills to thrive in this rapidly evolving landscape. The Department presently offers an academic program at the Undergraduate level - B.Tech. in AIDE with an intake of forty students. The department will soon offer Postgraduate, Doctoral, and other cutting-edge programs that combine AI principles with data engineering practices, preparing graduates to address real-world challenges.

The vision and mission statements of the Department are as follows:

Vision

To create a center of international standards for imparting high-quality education and conducting research in Artificial Intelligence, Data Engineering, and other related fields to meet the current and future challenges of technological development.

Mission

To create an enabling environment for excellent teaching, learning, and research in order to produce leading entrepreneurs and innovators in the field for sustainable development and the betterment of the nation.

7. 3. DEPARTMENT OF CHEMICAL ENGINEERING

During the academic year 2024–25, the Department of Chemical Engineering demonstrated good academic and research engagement through the organization and participation in significant national and international events. A national workshop focused on hands-on training in advanced analytical instruments for energy and environmental applications was successfully conducted at MNIT Jaipur. Additionally, faculty members actively participated in the prestigious InDacon-25 international conference, contributing to discussions on sustainable materials and technologies. The department also made substantial research contributions, with 122 journal publications and 10 conference papers. A total of 14 sponsored research projects were sanctioned, amounting to over Rs. 115 lakh in funding from various agencies, including DST, SERB, and the Bureau of Indian Standards. Notable projects addressed critical areas such as wastewater treatment, safety practices in chemical industries, biomass valorization, and environmental monitoring. Faculty members received prominent awards and recognitions, highlighting their excellence in research and leadership in professional forums. These achievements reflect the department's continued commitment to advancing research, innovation, and academic excellence.

7.4. DEPARTMENT OF CHEMISTRY

During the academic year 2024–2025, the Department of Chemistry demonstrated outstanding performance across multiple domains of Science and Technology, including quality teaching and cutting-edge research. The department successfully catered to the academic needs of B.Tech., M.Sc., and Ph.D. students, maintaining high standards of instruction and mentorship. A total of 34 M.Sc. students graduated this year, many of whom have secured placements in prestigious institutions across India for higher studies, while others have been successfully placed in leading pharmaceutical companies and academic institutions. The department also made significant strides in research, with many peer-reviewed articles published in reputed journals, along with numerous conference papers and book chapters. In total, 19 students were awarded Ph.D. degrees this year, marking another milestone in the department's academic contributions. Currently, six sponsored research projects, with a cumulative value of Rs. 1.2 crore, are actively being carried out in the department. Furthermore, six patents have been submitted for approval, and one patent has been officially granted—highlighting the department's growing impact in applied research and innovation.

The department also hosted the International Symposium on Frontiers in Sustainable Catalysis and Organometallics – 2024, which witnessed the physical presence of over 20 eminent scientists from across the globe. The Department also organized half-day program to celebrate National Science Day (on 28th February 2025) on the theme Empowering Indian Youth for Global Leadership in Science and Innovation for Viksit Bharat.

1.	Organized International Symposium on Frontiers in Sustainable Catalysis and Organometallics – 2024; 11-12 July 2024; MNIT Jaipur, funded by Royal Society of Chemistry, American Chemical Society, and SERB, New Delhi.	1
2.	An invited talk by Prof. Giridhar U. Kulkarni, President, (JNCASR) on Stabilising Gold in non-Cubic Crystal Structures; 18 th November, 2024	1
3.	Organized National Science Day on 28 th February 2025.	1
4.	An invited talk by Dr. Biswarup Chakraborty, IIT Delhi, and Prof. R.T. Pardaani, CU Rajasthan, on Empowering Indian Youth for Global Leadership in Science and Innovation for Viksit Bharat, 28 th February 2025	2
5.	An invited talk by Professor Kaushik Ghosh, on Tailoring the Properties of the Sn-Based Electrocatalyst for Green Hydrogen Production, 3 rd February 2025.	1
6.	An invited talk by Professor Santanu Kumar Pal on Molecular Engineering on Discotic Mesophases for Organic Electronics, 8 th March 2025	1
7.	An invited talk by Dr. M. Satish on Nanocarbon-based Materials and Electrolytes in High Energy Symmetric/Asymmetric Supercapacitors; 28 th March 2025	1

7.5 DEPARTMENT OF CIVIL ENGINEERING

Civil Engineering department was established in 1965 to create a Department for impairing technical education of International standards and conducting research at the cutting edge of technology to meet the current and future challenges of technological development. The key mission of Civil engineering department is to create enabling environment for excellent teaching, learning and research in order to produce leading entrepreneurs and innovators in the field of civil engineering for sustainable development. The department is equipped with latest state-of-the-art facilities and equipment's for extensive training to both the undergraduate and postgraduate students. The department is very active for conducting workshops/training programs/expert lectures etc. to expose students to industries practices. We constantly strive to deliver the civil engineering programme with a stern focus on bridging the gap between academics and industry expectation.

7. 6. DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

The Department of Computer Science and Engineering has a great ecosystem of meritorious students, competent faculty, and high-end infrastructure for creating a conducive environment for academics and research. Our department's activities in the last year are as follows:

- The department celebrated CSE Department Day 2025 on 23rd March with the theme “Retro Tech,” bringing together students, faculty, and alumni for a vibrant evening of performances, tech showcases, and nostalgia.
- The Alumni Get-Together for the 1995–1999 batch was held on 25th December 2024, attended by senior institute leadership. Alumni fondly recalled their campus days and appreciated the department's progress.
- As part of the Industry-Institute Lecture Series, Sonam Gupta, Research Scientist at IBM, delivered two insightful sessions connecting AI research with real-world applications.
- MNIT ACM student chapter organized a talk on "Responsible AI and safety" delivered by Prof. Ponnurangam Kumaraguru, IIIT Hyderabad, on 16 Aug 2024.

7.7. DEPARTMENT OF ELECTRICAL ENGINEERING

The Department of Electrical Engineering successfully hosted the 2024 IEEE 11th Power India International Conference from December 10–12, 2024. The event featured 13 keynote addresses, 4 specialized tutorials, and 5 technical paper presentation sessions with 6 parallel tracks each. Keynote speakers from prestigious global institutions addressed topics such as renewable energy integration, smart grids, power electronics, and sustainable power systems. Tutorials covered cutting-edge themes, including EV-grid integration, DC-link converter design, WAMS, and market equilibrium modeling. The department also took several eco-friendly initiatives to reduce single-use plastics during the event. A cultural evening featuring Rajasthani folk music added a local touch. The conference received widespread appreciation, and the Department of Electrical Engineering proudly highlighted its academic achievements for the year 2024-25: 88 journal publications, 95 conference papers, 4 book chapters, and 6 patents filed.

7.8. DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

During the academic year 2024–25, the ECE department at MNIT Jaipur made notable strides in research and innovation. Faculty members contributed significantly with 100 journal publications, 25 conference papers, and 4 book chapters, highlighting their active engagement in scholarly work. Three major sponsored research projects were sanctioned, with the largest being the Electronics and ICT Academy (Phase-2) led by Prof. Vineet Sahula, funded with ₹1005 lakh by the Ministry of Electronics and IT. Another notable project by Dr. Sarthak Singhal received ₹2.59 crore from the Department of Telecommunications for work in secure decentralized deep learning. Interestingly, no consultancy projects were undertaken this year.

Innovation thrived with the filing of five patents, including technologies for flexible sensors, solar heating, and network security. Three patents were granted, such as a vaccine carrier system and a smart CubeSat device. Faculty excellence was recognized with awards to Prof. Ghanshyam Singh and Prof. K. K. Sharma. The year also saw a robust academic outreach, with six Faculty Development Programmes (FDPs) organized by Dr. Menka Yadav, Dr. SJ Nanda, and Dr. Kuldeep Singh. Furthermore, the department hosted one international conference focusing on emerging areas like data science and space technology, hosted by Dr. Satyasai Jagannath Nanda -5th International Conference on Data Science and Applications (ICDSA 2024). Collaborative engagements with premier institutions like ISRO, IEEE, CDAC, and NITs underpinned these knowledge-sharing platforms. Altogether, MNIT Jaipur's accomplishments in 2024–25 reflect a vibrant culture of research, innovation, and academic leadership rooted in deep tradition and aimed at shaping the future.

7.9. DEPARTMENT OF HUMANITIES AND SOCIAL SCIENCES

The Department of Humanities and Social Sciences at Malaviya National Institute of Technology (MNIT), erstwhile Malaviya Regional Engineering College (MREC), was established in 1965. The Department offers a wide range of courses and runs a vibrant PhD program in English, Economics, Political Science, Public Administration, Sociology, and interdisciplinary research.

The Department of HSS at MNIT currently has nine faculty members who specialize in various contemporary areas of humanities and social sciences. The faculty members are engaged in high-quality research and teaching. They have to their credit various research projects, books, and research papers published in reputed national and international journals. The Department contributes to expanding the frontiers of knowledge in Humanities and Social Sciences by regularly organizing exciting scholarly activities, drawing on multiple disciplines, and enriching the entire spectrum of students and faculty.

7. 11. DEPARTMENT OF MATHEMATICS

The Department of Mathematics is actively participating in conferences/seminars and other national and international events regularly, besides academics. It is also committed to continuously carrying out and publishing scientific research of good quality in the journals of international repute. The department has been regularly receiving funds for scientific research, and this year has not been an exception to that. Alongside the ongoing research projects, the department has received a new grant to facilitate research and related activities.

7. 12. DEPARTMENT OF MECHANICAL ENGINEERING

In the academic year 2024-25, the Mechanical Engineering Department achieved remarkable milestones across various domains, solidifying its position as a hub of innovation and scholarly excellence. The department boasted a prolific research output with a total of 86 journal publications, 15 conference publications, and 07 book chapter publications, showcasing the depth and breadth of its contributions to academic literature. The commitment to cutting-edge research was further exemplified by the ongoing research projects (21), the granting of 5 patents, and the awarding of 14 PhDs, underscoring the department's commitment to advancing knowledge and nurturing future leaders

in the field. Beyond its immediate academic circles, the department played a pivotal role in knowledge dissemination by organizing 11 short-term courses, workshops, and conferences, fostering a collaborative and vibrant intellectual community. Besides this, the department also renovated/introduced several labs such as Mechanical Workshop, Heat Transfer, Vibration & Control Lab, Robotics and Automation, and Product Development lab.

7. 13. DEPARTMENT OF METALLURGICAL AND MATERIALS ENGINEERING

The Department of Metallurgical and Materials Engineering is one of the oldest departments, established in 1965. The department offers B.Tech., M.Tech., and Ph.D. programmes in all frontier areas globally. The primary objective of the department is to deliver high-quality education through its highly qualified and experienced faculty members. The faculty is continuously motivated to keep abreast of state-of-the-art technology. Alumni of this department hold important positions in academia, R&D organizations, and industries in India as well as international level. Students of this department have bright career prospects in India as well as globally due to the recent ambitious growth plans of ferrous, non-ferrous, and advanced materials worldwide. Our students also show their talent in various co-curricular and extracurricular activities.

3.	MNIT Jaipur has signed a Memorandum of Understanding (MoU) with the National Fuel Complex (NFC), Department of Atomic Energy, Govt of India, on 28 th March 2025, to foster collaboration in research, academic exchange, and joint events (Initiated by the Department of Metallurgical and Materials Engineering).	01
4.	Prof. Michael Bradley, Prof. Ajay K. Dalai, and Prof. Medam Venktesh from the University of Saskatchewan, Canada, visited the Department of Metallurgical and Materials Engineering on 19 th March 2025 and had a detailed discussion with the faculty of the department for joint research.	01

5.	National Workshop on “Advanced Materials” was organized by the Department of Metallurgical and Materials Engineering, MNIT Jaipur, from 23 rd to 24 th December 2024.	01
6.	Inauguration of state-of-the-art X-Ray Diffractometer (XRD) with High Temperature Facility (up to 1200 °C) Lab held on 24 th Nov 2024.	01
7.	A short-term course on “Metallurgy for Non-Metallurgists for Senior Executive/Engineers” was organized by the Department of Metallurgical and Materials Engineering, MNIT Jaipur, from 18 th to 23 rd November 2024.	01
8.	Organized an industrial visit to Hindustan Copper Limited (HCL), Khetri, Rajasthan, on 28 th September 2024 with department faculty and UG students.	01

7. 14. DEPARTMENT OF PHYSICS

The Department of Physics has been dedicated to imparting quality Physics education since the inception of MNIT Jaipur. The Department is currently DST-FIST (Level 1) sponsored. The Department also offers a vibrant research program with 14 full-time faculty, and spans over condensed matter physics, cosmology, energy systems, high energy physics, nuclear and particle physics and materials research. The Department has the following objectives:

1. To impart high quality Physics education to engineering graduates at all levels through curricula based on the present and future Engineering & Technological needs of the country.
2. To produce outstanding post-graduates in Physics, through our M.Sc. Physics and Ph.D. programs, who can take a lead role in Research & Development activities in industries and academia.
3. Conduct cutting edge research in both fundamental and applied areas of Physics and related multi-disciplinary areas.

7. 15. CENTER FOR ENERGY AND ENVIRONMENT

The Centre for Energy and Environment aims to find sustainable solutions to global energy inadequacy and environmental degradation, as the global energy systems will experience major changes in the coming decades. These challenges call for scientific knowledge, innovative technology development, policy measures, and action at local and world levels. The sustainability of the system will prove to be of prime importance-environmentally, economically, and socially.

Although fossil resources have been a fundamental source of energy for human existence for a long time in everyday life and now the time of oil discoveries is now almost over. Addressing the challenges arising from issues of energy scarcity will involve a massive increase in the utilization of sustainable energy resources like wind, solar, and biomass. This transformation will not take place overnight but over decades. For this reason, high priority should be given to using renewable energy systems and energy-efficient buildings.

Centre of Energy and Environment shares the knowledge and research at the scale of individual components as well as of large systems, with a focus on the interaction between these two. Centre is at the cutting-edge in northwest India when it comes to research in renewable energy systems.

Through wide-ranging teamwork and partnerships with the private, public sectors, as well as national and international collaborators and responsibilities in the policy process, the centre is living up to the ambition.

7. 16. MATERIAL RESEARCH CENTRE

Materials Research Centre (MRC) has 14 laboratories and caters to the material characterization needs of researchers working in the area of Materials Science and Engineering, not only in MNIT, but also to the people in neighbouring institutes and industries. The centre has two regular faculty members, three joint faculty members, and two Adjunct faculty members. Additionally, the centre has seven regular technical staff (including two scientific officers), six technical staff on contract, and another technical staff from an HR agency. About 52 major and minor equipment items are housed at MRC and used regularly by faculty and students of MNIT and neighbouring institutes. The faculty members of the centre have published 31 research articles in journals of international repute in the last financial year, and several other faculty members have published papers utilizing the facility of the centre. Two book chapters have also been published by the faculty members of the centre. Two Ph.D. students have received their

Ph.D. degrees in the last convocation, and one has defended her thesis. The centre has organized two workshops in the area of material characterization in the last year. The centre also purchased and installed a refrigerated high-speed centrifuge machine. The centre has generated a revenue of Rs. 54.8 lakhs through the characterization charges in the last financial year.

7. 17. NATIONAL CENTRE FOR DISASTER MITIGATION & MANAGEMENT

National Centre for Disaster Mitigation and Management is an Academic & Research Centre, established by the Board of Governors (27th Meeting of the Board of Governors, 7 October 2013) as per the NITSER Act, and First Statute of the National Institute of Technologies, with a mandate to work in the domain of Earthquake Safety of the Built Environment. The Activities of the Centre include Academics, Research and Outreach. The Centre offers Master's degree Program (M. Tech. in Earthquake Engineering) and Doctoral degree Program (Ph. D. in various specializations of Earthquake Engineering).

The Centre hosts the National Earthquake Testing Facility (NETF) for Full-Scale Testing of Buildings, Bridge Girders, Bridge Piers, Bridge Bearing and Base Isolation Devices, etc. under Quasi-static cyclic and Pseudo-dynamic loading. The centre holds the National Centre for Earthquake Safety of Dams (NCESD) to assist dam owners, regulators, and policy makers with technical knowledge and capacity development in the domain of structural and earthquake risk assessment and retrofitting of dams.

Summary of activities:

1. NETF has successfully carried out the full-scale testing of: (i) a 3-story precast shear wall-slab building constructed by B.G. Shirke Construction Technology private limited, and (ii) a single-story steel-masonry building as part of Ministry of Steel, GoI R & D project.
2. Faculty members of NCESD, NCDMM visited 7 dams in the State of Maharashtra as part of R & D project with WRD Maharashtra and 1 dam in the State of Odisha as part of R & D project with MoJS, GoI.

7.18. CENTRE FOR RURAL DEVELOPMENT (CRD)

Developing water and energy security solutions for rural Rajasthan. Solutions for providing sustainable rural infrastructure and waste management.

Small-scale entrepreneurship, sustainable cottage industries, and development of value-added Agro-products. Innovation in Food Processing, Food Packaging, and Food Storage.

Harnessing Forest products and helping rural entrepreneurs to develop and sell their products with easy market access.

Developing user-friendly interfaces to launch e-platforms for various rural activities that require outreach to larger communities.

Evaluation of government welfare schemes to provide appropriate policy recommendations. Access and opportunities for providing gender equality.

Outreach to NGOs, government organizations, and international bodies to have a broad-based engagement approach, at the same time networking with similar national and international bodies.

Documentation and approval of a customary information framework alongside ability advancement and training programs for further developing the effectiveness and efficiency of rural craftsmen, experts, and so on. Recognizing holes among abilities and effort; Identifying gaps between skills and outreach; and facilitating in filling that gap with consideration to reverse migration.

7.19. CENTRE FOR CYBER SECURITY (CCS)

The centre will conduct and develop core cybersecurity critical mass research in predominant areas like trust, identity, privacy, security, and resilience. The centre will facilitate and foster multidisciplinary collaborations among faculty within MNIT Jaipur by exploiting the synergies that exist and by exploring new opportunities. We will create high-priority areas in a timely manner to streamline multidisciplinary research efforts in these areas so as to generate significant momentum early on.

The centre will provide foundational support to affiliated faculty to explore and establish closer collaborations with other research institutions/centres (academia, industry, and government institutions) locally as well as globally to enable innovation and exploration in relevant research.

The centre will establish a seamless, holistic infrastructure to enable affiliated researchers and groups to serve local, regional, and global communities in cyber security and cyber defence/operations with regard to state-of-the-art research, training, and education. Such a holistic infrastructure will include:

A state-of-the-art technical research infrastructure,

An outreach infrastructure, an infrastructure for translating research into deployable prototypes, processes/ methodologies, and tools, and

An infrastructure for research outcomes-driven education, training, and awareness.

7.20. Continuing and Digital Education Center (CDEC)

A center named Continuing and Digital Education Center - CDEC has been established at MNIT Jaipur, with an aim to provide a single-window facility for the organization of various offline and online courses, including the development of online courses like MOOCs, NPTEL, SWAYAM, etc., that can be potentially offered to academia and industry.

The Center will facilitate organizing programs/events such as Self-financed Short-Term Courses, AICTE-QIP Courses, TEQIP sponsored Courses, GIAN Courses, NPTEL Courses, SWAYAM Courses, Industry Specific courses, Credit-based courses, Courses for Government schemes like GATI Shakti, Skill India.

8. CENTRAL FACILITIES

8. 1. DIGITAL INFRASTRUCTURE AND SERVICES /COMPUTER CENTRE (CC)

On October 19, 2014, the Computer Centre was officially opened on the first floor of Prabha Bhawan, with the inauguration ceremony led by Prof. S. V. Raghavan. Since its inception, the centre has been operating around the clock, every day of the year (i.e. $24 \times 7 \times 365$), and has become highly popular among students. This centralized facility, located within the Institute, serves the computing needs of students, faculty, staff, and researchers from all academic departments, centres, and sections. It boasts state-of-the-art infrastructure, and you can find more details about its IT and HR resources and activities on the Institute's website (i.e. at <https://mnit.ac.in/dis/>).

Inside the centre, there are eleven computer labs housing over 550 desktop computers and graphics workstations. Additionally, there's a data centre with a private cloud, advanced software accessible to everyone on campus, and a skilled programming team capable of developing professional database applications.

Furthermore, the Computer Centre plays a vital role in developing and maintaining web-based applications. It's responsible for many web portals such as the MNIT website, NIT Council website, SMS, etc. The MNIT website has features like dynamic faculty profiles, a user-friendly multi-tab interface, a smooth scrolling experience, and a quick search function. In addition to conducting regular laboratory classes for undergraduate and postgraduate students, the Computer Centre is responsible for managing a range of essential activities. These include facilitating placement-related examinations, providing laboratory facilities for workshops and seminars, conducting online examinations for Ph.D. admissions, and supporting various processes related to undergraduate and postgraduate admissions. The NIT Council website provides a unified platform for accessing information about all thirty-one NITs.

MNIT Data Centre Infrastructure

Emerson Smart Row Rack solution: A user friendly, fully integrated row-based Rack at Data Centre accommodates Blade Servers and Storages. The Rack is having redundant precision cooling, power management, remote monitoring and control system, integrated fire detection and suppression system, biometric access control, intelligent power distribution system, mail and SMS notification system, ultrasonic rat/rodent repellent solutions.

**Computing Resources at Data Centre:**

- CISCO Chassis: - 03 x UCS 5108
- CISCO Blade Servers: - 12 x CISCO B200 M4 Blade Servers with following Configuration:
 - 2 x 18 Core Intel® Xeon® Processor (E5-2699 v3)

 - 4 x10 Gb Ethernet NIC ports
- CISCOFabric Interconnect: - 02 x CISCO UCS 6248UP 48-Port Fabric Interconnects which provide uniform access to both networks and storage.
- HP Blade Servers: -16 x HP ProLiant BL460c G7 blades with following Configuration:
 - 1 x 6 Core Intel® Xenon® HT Processor 5600 series
 - 64 GB RAM in four Blades
 - Intel® 5520 Chipset
 - 2 x Ethernet NIC ports
- One HP ProLiant DL380 Gen9 Server for VCR Infrastructure.
 - VMware Cloud Suite 6: Twelve socket license installed on 6 CISCO UCS blades for MNIT Private Cloud Services.

EMC² Storages and Backup Devices:

- VNX-5200 SAN used for MNIT Private Cloud : 28 TB
- VNX-5300 SAN used for MNIT Private Cloud : 17 TB
- ISILON S200 NAS used for data storages : 38 TB
- AVAMAR M1200 Gen4S backup Appliance : 12 TB

HP Storages Devices:

- HP Storage Works X1000 G2 (6TB) used for Auto CAD Licensing Server & Auto CAD Data Storage.
- 10 TB SAN Storage: - HP MSA P2000 Modular Smart Array Systems with RAID 5, and Smart Array P410i Controller.

MNIT Data Centre Usage

MNIT Data Centre is housing MNIT Private Cloud using VMware V Cloud Suite installed on Blade Server and core network switches with 2 GBPS lease line for internet connectivity.

MNIT Private Cloud is an IaaS service, which allows administrator to create Virtual data centers with virtual servers, machines and networks, expanding or reducing as per their needs. With this Private Cloud, MNIT users get both computational resources and network License resources for their own exclusive use.

MNIT private cloud is running various applications/services used by students, faculty and staff. Approximately two hundred Virtual Machines have been allotted for IT Services and computational needs of researchers from various departments and centres.

The labs are equipped with following Software's:-

1. Building Design Suite Ultimate

Autodesk software for educational institutions

Building Design Suite is a portfolio of interoperable 3D building design and documentation software. It supports Building Information Modelling and CAD-based workflows for architects, MEP and structural engineers, and construction professionals. Computer-aided design (CAD) includes the creation, modification, analysis, or optimization of a design using a computer system. Computer-aided design is used in many fields.

Its use in designing electronic systems is known as electronic design automation, or EDA. In mechanical design, it is known as mechanical design automation (MDA) or computer-aided drafting (CAD), which includes the process of creating a technical drawing with the use of computer software.

3. JMat Pro-v8

JMatPro® is a simulation software which calculates a wide range of materials properties for alloys and is particularly aimed at multi-components alloys used in industrial practice. JMatPro is a powerful tool for modeling materials properties and behaviors for complex commercial alloys. Using JMatPro you can make calculations for: Stable and metastable phase equilibria, Solidification behavior and properties, Mechanical properties, Thermo-physical and physical properties, Phase transformations, and Chemical properties.

The FRactureANalysis Code 3D (FRANC3D) program is designed to simulate 3D crack growth in engineering structures where the component geometry, local loading conditions, and the evolutionary crack geometry can be arbitrarily complex. It is designed to be used as a companion to general purpose Finite Element (FE) solvers.

FRANC3D development started at Cornell University in the late 1980's, evolving into a program that has been used worldwide in academia and industry for analyzing crack growth in complex 3D structures.

16. SIMULIA Abaqus Software: Product simulation is often performed today by engineering groups using niche simulation tools from different vendors to simulate various design attributes. The use of multiple vendor software products creates inefficiencies and increases costs. SIMULIA delivers a scalable suite of unified analysis products that allow all users, regardless of their simulation expertise or domain focus, to collaborate and seamlessly share simulation data and approved methods without loss of information fidelity.

The Abaqus Unified FEA product suite offers powerful and complete solutions for both routine and sophisticated engineering problems covering a vast spectrum of industrial applications. For example, in the automotive industry engineering work groups can consider full vehicle loads, dynamic vibration, multibody systems, impact/crash, nonlinear static, thermal coupling, and acoustic-structural coupling using a common model data structure and integrated solver technology. Best-in-class companies are taking advantage of Abaqus Unified FEA to consolidate their processes and tools, reduce costs and inefficiencies, and gain a competitive advantage.

18. COMSOL 5.6 Multiphysics: Engineers and scientists use the COMSOL Multiphysics® software to simulate designs, devices, and processes in all fields of engineering, manufacturing, and scientific research.

COMSOL Multiphysics® is a simulation platform that encompasses all of the steps in the modeling workflow — from defining geometries, material properties, and the physics that describe specific phenomena to solving and postprocessing models for producing accurate and trustworthy results.

To create models for use in specialized application areas or engineering fields, you can augment COMSOL Multiphysics® with any combination of add-on modules from the product suite. The interfacing products make it possible to also integrate simulation with other engineering and mathematical software used in product and process design. When you have developed a model, you can even convert it into a simulation application with a dedicated user interface, which can be designed for a very specific use by people beyond the R&D department.

8. 2. CENTRAL LIBRARY

The Central Library of MNIT Jaipur is one of the oldest, prosperous, and well-known hybrid library. It is considered one of the region's best libraries in the area of Engineering, Science & Technology, and Management education with a mixed collection of both print and electronic resources, including books, journals, databases, e-journals, reports, etc.

It is a beautiful two-floor building that has around 16,000 square feet. The foot plinth area and most of the building are fully air-conditioned. The library caters to the educational and research needs of the academic community, and scholars from all over the country consult its resources.

Currently, as per the records, the library holds about 1,70,377 print books, 4,681 e-books, 13,076 (ONOS + Subscription) e-journals, 740 Ph.D. theses, and some other resources and databases provided by the e-ShodhSindhu consortium to support research activity.

8. 3. MATERIAL RESEARCH CENTRE

The Materials Research Centre (MRC) has 14 laboratories and caters to the material characterization needs of researchers working in the area of Materials Science and Engineering, not only in MNIT, but also to the people in neighbouring institutes and industries. The centre has two regular faculty members, three joint faculty members, and two Adjunct faculty members. Additionally, the centre has seven regular technical staff (including two scientific officers), six technical staff on contract, and another technical staff from an HR agency. About 52 major and minor equipment items are housed at MRC and used regularly by faculty and students of MNIT and neighbouring institutes. The faculty members of the centre have published 31 research articles in journals of international repute in the last financial year, and several other faculty members have published papers utilizing the facility of the centre. Two book chapters have also been published by

the faculty members of the centre. Two Ph.D. students have received their Ph.D. degrees in the last convocation, and one has defended her thesis. The centre has organized two workshops in the area of material characterization in the last year. The centre also purchased and installed a refrigerated high-speed centrifuge machine. The centre has generated a revenue of Rs. 54.8 lakhs through the characterization charges in the last financial year.

- **Training and Course lab assistance:** The centre is visited by B. Tech final year students (especially from Metallurgical and Materials Eng. Department) as part of their course curriculum. Further, faculty members from the Departments of Physics and Chemistry also visit the centre along with the students of specific courses, so that the students can have practical experience of the equipment which they are studying in theory classes.
- **Collaboration with local institutes and industries:**

The centre helps in the characterization of samples of researchers from nearby regions and industries. Almost all the local colleges and universities, viz, Rajasthan University, Central University of Rajasthan, IIT Jodhpur, DRDO Jodhpur, IIS University, Kanoria PG College, Therachem Medilab Research Pvt. Ltd., Bharat Forge, have been utilizing the facilities of MRC. Further, many groups of students from different nearby colleges like SKIT, SGVU, B. Lal Institute, etc. visit the centre to have an experience of the equipment.

8. 4. Women Cell

Panel discussion on Leading by Example: Empowered Women

A panel discussion was organized on the 7th of March, 2025 at Malaviya Sabhagar in MNIT campus by ICC/Women's Cell on the topic, "Leading by Example: Empowered Women" in which Dr. Shobhita Rajagopal, Former Professor, Institute of Development Studies Prof. Kanupriya Sachdev, Dean SW, MNIT Jaipur, Ms. Pinky Maheshwari, Founder, Surprise Someone and Dr. Pallavi Tak, Head, acceleration & insights, ThinkAg, were the participants, Dr. Pallavi Tak being the Moderator. The event was attended by around 75 participants, which included faculty and staff members and students from various departments.

After the welcome by Dr. Niraja Saraswat, (Member, ICC), Presiding Officer of the ICC, Prof. Nupur Tandon highlighted the role of the ICC / Women's Cell at MNIT Jaipur in ensuring women's dignity, safety and well-being in the Institute and introduced the topic of the panel discussion, emphasizing both the need for women's voices to be heard and for their representation in decision-making spaces.

Dr. Pallavi Tak initiated the conversation by inviting both the panel and audience to reflect on their personal experiences of empowerment and disempowerment, particularly in relation to gender identity. The discussion underscored how external factors often shape these experiences, while also emphasizing the internalized constraints imposed by societal conditioning.

Ms. Pinky Maheshwari shared her struggle of choosing between motherhood and professional identity, and her realization that both could coexist marked her moment of empowerment. She also spoke about her organization, Surprise Someone, which champions sustainability and gender equality, boasting an 85% female workforce and a commitment to waste management and a plastic-free future.

Prof. Kanupriya Sachdev found empowerment in inspiring students to pursue academia and leadership roles, but expressed discomfort in spaces that, even today, are seen as male-dominated environments, where women's presence, though not restricted, feels awkward.

Dr. Rajagopal challenged conventional perceptions of women's capabilities, highlighting how, despite common assumptions, and emphasized the importance of internalized empowerment and the ongoing challenge of dismantling patriarchal structures at every level.

The audience raised pertinent questions to which the panel responded with facts and examples drawn from their own experiences, making it a highly interactive experience.

The session concluded with a Vote of Thanks by Prof. Madhu Agarwal, Member, ICC, to all the panelists for an insightful discussion.

8. 5. COUNSELING AND GUIDANCE CELL

Objectives of the Wellness Club (DSW)

The Wellness Club, consisting of faculty members and students, promotes students' mental, social, and spiritual well-being. This club plays a crucial role in devising, organizing, and implementing initiatives for student wellness and identifying individuals who may require counselling and assistance.

Objectives:

- Promoting mental health awareness and reducing stigma around seeking support
- Providing a safe and supportive community for students to share their experiences and support one another
- Educating students on self-care practices and stress management techniques to support their mental and physical well-being
- Organizing and facilitating events and activities that promote physical activity, healthy eating habits, and other wellness practices
- Creating a welcoming and inclusive environment that celebrates diversity and promotes a sense of belonging
- Partnering with other local and national organizations to promote the holistic health and wellness of the students
- Advocating for policies and practices that support student well-being and mental health on campus
- Connecting students with campus resources and support services, including counseling and mental health services
- Collaborating with faculty and staff to integrate wellness and mental health into the lived experience of everyone around the campus
- Fostering a culture of wellness that encourages students to prioritize their mental and physical health as an integral part of their overall success and happiness
- Continuously evaluate and improve the effectiveness of the Club's activities and initiatives to ensure they align with the needs of MNIT students.

Initiatives for Students' Wellness

1. Student Mentorship by Faculty Members

As a part of the Student Support System, faculty members mentor a group of students assigned to them. The roles and responsibilities of the faculty mentor are the following:

- To encourage the continuous academic progress of the mentees.
- Encourage mentees to participate in extracurricular activities, including clubs and societies, college, state, and national-level symposiums, seminars, conferences, competitions, training, workshops, etc.

- Identify any matter of concern, such as health issues, sense of insecurity, shortage of attendance, etc., and provide suitable counseling.

2. New Development in Maintaining the Mental Health of Students (Appointment of Counsellor)

A significant step has been taken to bolster mental health support for students at MNIT Jaipur by hiring a full-time Student Wellness Counsellor. The Counsellor is available at Campus dispensary on weekdays (9am-5pm) for counseling and to advice on any concerns related to mental health issues. This initiative aims to offer readily accessible support and guidance to students, promoting a healthier and more supportive campus environment.

3. Strengthening Hostel Environment and Student-Faculty Interaction at MNIT Jaipur

Under the proactive leadership of Prof. N. P. Padhy, Director of MNIT Jaipur, a new initiative encourages faculty members to visit campus hostels during dinner hours. This effort is designed to foster a healthy and transparent hostel environment by allowing faculty to directly assess food quality, student well-being, and overall hostel conditions. Beyond practical oversight, this initiative significantly strengthens student-faculty interaction. It promotes greater accountability in mess services, ultimately contributing to a more enriching living and learning experience for all students at MNIT Jaipur.

4. International Day against Drug Abuse & Illicit Trafficking (June 26, 2024)

The Wellness Club, Dean Student Welfare Office, organized a Special Workshop on "International Day against Drug Abuse & Illicit Trafficking" on Wednesday, 26th June 2024, from 7:00 p.m. to 8:00 p.m. on the Google Meet Platform. Led by Ms. Tvishi Sharma, this session aimed to raise awareness about the dangers of drug abuse and the importance of a drug-free society. Students, staff, and faculty members attended the session.

5. Exemplar Visit Under Integrated Approach to Promoting Positive Mental Health, Resilience, and Well-being in Higher Education Institutions (HEIs)

On August 4th, 2024, MNIT Jaipur hosted an "Exemplary Visit" by the Ministry of Education (MoE) to evaluate and promote positive mental health and well-being in higher education. The event, held under the MoE's "Integrated Approach" initiative, featured discussions and presentations by MoE representatives, including Dr. Jitendra Nagpal, Shri Devendra Kumar Sharma, Prof. Naved Iqbal, and Dr. Sangeeta Angom, alongside MNIT Jaipur's leadership and student representatives.

The visit focused on understanding and improving MNIT Jaipur's current wellness initiatives. It included presentations and open discussions about stakeholder engagement, best practices, challenges, and building a positive campus culture—direct interaction with students allowed for candid feedback. Key outcomes highlighted the importance of open student discussions and collaborative efforts to enhance mental health support.

6. Report on the Orientation Program - Wellness Camp (16th-18th August 2024)

MNIT Jaipur's Wellness Club, in collaboration with the DSW Office, organized a three-day Wellness Orientation Program for new undergraduate students from August 16 to 18, 2024. The program at Radha Krishnan Hall aimed to equip students with essential tools for a balanced lifestyle, covering physical, mental, and social wellness.

Each day, 300 students participated in sessions led by experts:

- **"Connect and Thrive"** by Mr. Louis Manoj Ambrose focused on fostering interaction and teamwork through engaging activities.
- **"Fit and Fabulous"** by dietitian Ms. Kriti Jain emphasized the importance of a balanced diet, adequate sleep, and regular exercise for overall well-being.
- **"Discovering Your X Factor"** by Ms. Tvishi Sharma, a mental health expert, highlighted mental well-being, stress management, and practical solutions like meditation and mindfulness.

7. **Help in Suffering Event (4th October 2024)**

MNIT Jaipur's Wellness Club, in collaboration with Help in Suffering, organized a humane education workshop on October 4th, 2024, to promote compassion and responsible behavior toward animals. The workshop, led by experts Inder Sandhu, Santana Khurrana, and Natasha Smith, addressed critical issues related to human-animal interaction.

The session emphasized the need for coexistence, understanding animal behavior to overcome fear, and reducing conflicts. Key takeaways included establishing designated feeding points, partnering with NGOs for animal sterilization, and replacing irrational fear with logical understanding. Participants learned to develop a sense of compassion and responsible behavior toward animals, recognizing their integral role in our surroundings. The workshop successfully provided insights into fostering healthy human-animal interactions.

8. **The Online Session for Capacity Building for Promoting Positive Mental Health, Resilience, and Well-being in HEIs (14th October 2024)**

The online session on 'Capacity Building for Promoting Positive Mental Health, Resilience, and Well-being in HEIs' highlighted the importance of creating supportive, inclusive environments in educational institutions. By implementing the recommended wellness initiatives, MNIT contributed to fostering a mentally healthy and resilient student community. Continued collaboration with other HEIs and sharing best practices will be essential to maintaining momentum in this critical area.

9. **Yes Plus by Art of Living (9th-23rd October 2024)**

The Wellness Club, in collaboration with the DSW office, organized a Youth Empowerment and Skills (YES!+) Workshop for students of MNIT, especially for the first-year Undergraduate students. The main aim of the workshop was to experience the scientific SKY (Sudarshan Kriya Yoga) breathing technique through fun-filled activities. Through this workshop, students were able to reduce their stress levels, increase in calmness & concentration levels.

10. **Cancer Awareness Talk (13th Nov 2024)**

The Wellness Club at MNIT Jaipur, in collaboration with Lions Club, Jaipur, organized a Cancer Awareness Talk on November 13, 2024, led by Dr. Dinesh Gupta, Senior Consultant Oncosurgeon. The event at Malaviya Sabhagar aimed to educate students, faculty, and staff about the harmful effects of tobacco, cancer causes, and prevention strategies, aligning with the Ministry of Education's Tobacco-Free Educational Institutions directive. Dr. Gupta, a seasoned oncologist, provided insights into tobacco consumption statistics, cancer prevention, and treatment options. Participants gained a deeper understanding of tobacco-related risks, learned preventative measures, and were encouraged to adopt healthier lifestyles and advocate for tobacco control.

**11. Session on Prevention of Substance Abuse (18th November 2024)**

The Wellness Club at MNIT Jaipur organized a session on the Prevention of Substance Abuse on November 18, 2024, led by Dr. Sanjay Shah, Chief Medical Officer at SVNIT Surat. Dr. Shah, with over 26 years of medical experience, educated students on the harmful effects of substance abuse, including physical, mental, and social consequences. The session covered the definition of substance abuse, commonly abused substances, underlying causes, early warning signs, and prevention strategies. Participants learned about treatment approaches, the importance of professional counseling, and the role of institutions in creating drug-free environments. The session aimed to equip students with the knowledge to make informed decisions and promote a healthy lifestyle, fostering a comprehensive understanding of substance abuse and its triggers and building confidence in combating it within communities.

12. Prayer meeting (25th January 2025)

The Wellness Club at MNIT Jaipur, in collaboration with the Hostel Committee, organized a Prayer Meet at Vinodini Girls' Hostel on January 25, 2025, to foster peace and spiritual well-being. Led by ISKCON monk Shri Hari Bhakti Das, the session included kirtan and spiritual discussions focused on healing and mindfulness, particularly in light of recent events. Dr. Anupama Soni, Mrs. Asia International 2018, also graced the event, sharing her insights on wellness and personal growth. Residents learned spiritual healing techniques, peace strategies, and coping mechanisms, emphasizing the power of collective spirituality and community support.

13. Session on Vipassana & Anapana Meditation (8th March 2025)

On March 8, 2025, the Wellness Club at MNIT Jaipur, in collaboration with the Vipassana Center Jaipur, hosted a Vipassana Awareness Session at Malaviya Sabhagar. The session aimed to introduce participants to this ancient meditation technique, led by Mr. Anil Mehta, the Center in charge of Dhamma Thali Vipassana Meditation Center, Jaipur. The event introduced Vipassana, emphasizing self-observation and mindfulness for self-transformation and inner peace. Mr. Mehta discussed the principles, including Anapana meditation, and offered techniques to overcome distractions. A guided 10-minute Anapana meditation was conducted, allowing participants to experience breath awareness. The session highlighted the importance of the presence of mind in daily life for enhanced focus and well-being. Key learning outcomes included a foundational understanding of Anapana, techniques to manage distractions, first-hand experience with breath awareness, and the broader application of mindfulness. The initiative, guided by Dr. Boolchandani and Dr. Ritika Mahajan, aimed to promote holistic wellness and personal development within the institution.

8. 14. Hindi Cell (राजभाषा प्रकोष्ठ):

राजभाषा प्रकोष्ठ संस्थान में हिन्दी को कार्य की प्रमुख भाषा के रूप में सुदृढ़ करने के लिए कार्यरत है।

वर्ष 2024–25 की प्रमुख गतिविधियां

1. हिन्दी पखवाड़ा—2024 :

मालवीय राष्ट्रीय प्रौद्योगिकी संस्थान के राजभाषा प्रकोष्ठ द्वारा हिन्दी पखवाड़ा 2024 का आयोजन दिनांक 14/09/2024 से 03/10/2024 तक किया गया। उक्त पखवाड़े का उद्घाटन राजभाषा विभाग, गृह मंत्रालय द्वारा भारत मंडपम, नई दिल्ली में आयोजित सामूहिक कार्यक्रम में किया गया। पखवाड़े में निम्नलिखित कार्यक्रमों का आयोजन किया गया:

1. हिन्दी पुस्तकों की प्रदर्शनी
2. हिन्दी आशुभाषण प्रतियोगिता
3. काव्य पाठ प्रतियोगिता
4. लिखित हिन्दी प्रश्नोत्तरी
5. हिन्दी वाद विवाद प्रतियोगिता
6. तकनीकी विषय पर निबंध लेखन प्रतियोगिता

उपरोक्त प्रतियोगिताएं विद्यार्थी एवं गैर विद्यार्थी दो संवर्गों हेतु आयोजित की गई जिनमें लगभग 180 प्रतिभागियों ने भाग लिया ।

2. राजभाषा निरीक्षण— 2024 :

दिनांक 24 फरवरी 2025 को मालवीय राष्ट्रीय प्रौद्योगिकी संस्थान जयपुर का संसदीय राजभाषा समिति की पहली उपसमिति (संयोजक माननीय डॉ. दिनेश शर्मा जी एवं अन्य सदस्य) द्वारा राजभाषा निरीक्षण किया गया । इस निरीक्षण में संस्थान की ओर से माननीय निदेशक प्रो. नारायण प्रसाद पाढ़ी के साथ संस्थान के अन्य अधिकारी एवं कर्मचारी भी समिति के सामने उपस्थित हुए । बैठक के आरंभ में माननीय निदेशक महोदय द्वारा सभी माननीय सदस्यों का स्वागत किया गया । तत्पश्चात संस्थान में हिन्दी की प्रगति हेतु किए जा रहे कार्यों/प्रयासों के बारे में माननीय सदस्यों को अवगत कराया गया । माननीय सांसदों द्वारा भी संस्थान में राजभाषा हिन्दी की सकारात्मक प्रगति हेतु सुझाव दिए गए । संस्थान द्वारा हिन्दी में किए जा रहे कार्यों की प्रदर्शनी भी लगाई गई जिसका माननीय सांसदों द्वारा निरीक्षण किया गया । समिति ने संस्थान द्वारा किए जा रहे कार्यों को संतोषजनक पाया और इसका प्रमाण पत्र भी प्रदान किया ।

3. नराकास बैठकों में भागीदारी :

मालवीय राष्ट्रीय प्रौद्योगिकी संस्थान, जयपुर की ओर से वर्ष भर में आयोजित विभिन्न नराकास (नगर राजभाषा कार्यान्वयन समिति) बैठकों में सक्रिय सहभागिता सुनिश्चित की गई । वर्ष 2024–25 की उक्त बैठकों में प्रो. राज कुमार व्यास, समन्वयक, राजभाषा एवं डॉ. ऋषि कुमार तिवारी, हिन्दी अधिकारी (प्रभारी) ने संस्थान का प्रतिनिधि त्वं किया । संस्थान के प्रतिनिधियों ने नियमित रूप से इन बैठकों में भाग लेकर न केवल राजभाषा हिन्दी के प्रचार–प्रसार संबंधी दिशा–निर्देशों का पालन किया, बल्कि अन्य कार्यालयों के उत्कृष्ट कार्यों से प्रेरणा लेते हुए अपने संस्थान में भी प्रभावी क्रियान्वयन के लिए प्रयास किए । इन बैठकों के माध्यम से राजभाषा से संबंधित नवीन योजनाओं, सरकारी निर्देशों, एवं विभिन्न कार्यालयों की सर्वोत्तम कार्यप्रणालियों पर चर्चा हुई । एमएनआईटी जयपुर के प्रतिनिधियों ने संस्थान में किए जा रहे उल्लेखनीय कार्यों की जानकारी भी साझा की । नराकास की बैठकों में एमएनआईटी जयपुर की भागीदारी न केवल संस्थान के राजभाषा कार्यान्वयन को सुदृढ़ करने में सहायक रही, बल्कि यह अन्य संस्थानों के साथ सहयोग और अनुभवों के आदान–प्रदान का भी सशक्त माध्यम बनी । भविष्य में भी संस्थान की ओर से इसी तरह की सक्रिय सहभागिता जारी रहेगी ।

4. हिन्दी सम्मेलन एवं कार्यशाला में सहभागिता :

दिनांक 18–20 नवम्बर 2024 को राजभाषा एवं प्रबंधन विकास संस्था, नई दिल्ली द्वारा कन्याकुमारी, तमिलनाडु

में आयोजित हिन्दी सम्मेलन एवं कार्यशाला में संस्थान की और से प्रो. राज कुमार व्यास, समन्वयक, राजभाषा एवं डॉ. ऋषि कुमार तिवारी, हिन्दी अधिकारी (प्रभारी) ने भाग लिया। इन आयोजनों में भाग लेने का उद्देश्य राजभाषा हिन्दी के संवर्धन, व्यावसायिक कार्यों में हिन्दी के प्रयोग को प्रोत्साहन तथा भाषा की शुद्धता व तकनीकी शब्दावली के उपयोग में दक्षता प्राप्त करना है। इन सम्मेलनों में भाग लेने वाले प्रतिभागियों ने अन्य संस्थानों के प्रतिनिधियों से संवाद स्थापित किया और हिन्दी के प्रयोग से जुड़ी समस्याओं के समाधान, नवाचारों तथा श्रेष्ठ कार्यों से प्रेरणा प्राप्त की। प्राप्त अनुभवों और सुझावों को एमएनआईटी में भी लागू किया गया, जिससे राजभाषा कार्यों की गुणवत्ता में वृद्धि हुई।

9.2 ACTIVITIES UNDER VARIOUS CULTURAL SOCIETIES:**9.2.1 Independence Day 2024 (15th August 2024):**

The 78th Independence Day was celebrated in MNIT with great enthusiasm and pride. This remarkable day is celebrated to pay a tribute to all those fighters who have contributed and fought for the Independence of India. On this auspicious day, in remembrance of our freedom fighters, faculty, staff members, and students assembled at Prabha Bhawan premises to sing the National Anthem and to hoist the flag. Our honorable Director, Prof. N. P. Padhy, enlightened our thoughts with his speech. He further highlighted the college's achievements, new projects, and training programs, which are taking the institute to new heights, and how students' activities, placements, and advanced development-oriented start-ups under the MNIT Incubation Centre are proliferating. Inspirational speeches, songs, and dance performances ignited the feeling of patriotism and zeal. With heart-touching poems and the distribution of sweets, the event culminated, adding to the smiles on everyone's faces. The day marked a successful celebration of independence, and honor was expressed to the people who played their part in the country's independence.

9.2.2 Orientation Program 2024 (From 16th to 18th August 2024):

Malaviya National Institute of Technology (MNIT), Jaipur, organized an orientation program for its B.Tech. and B.Arch. undergraduate students joining the college as freshers (2024-28 batch). The whole orientation programme was split up into various events like yoga, meditation, aerobics sessions, and panel discussions, including Expert Talk: How to become a Winner, Gender Sensitization, and Alumni Industry Interaction: Career Prospects and Art of Living, Wellness Camps: Navigating Skills for Transition to College Life, and the various clubs had a very active interaction with the freshers, and some intriguing and amusing activities for the students. Wellness Workshop Extracurricular Clubs' Orientation. The concluding and much-awaited part of the orientation programme was the Cultural Evening on the last evening of the program. "Ganesh Vandana" marked the beginning of the event, which was soon followed by a profusion of fabulous and astounding performances. The performances included poetry, dance, songs and a performance by a music band, and drama presented by the existing students.

9.2.3 Celebration of MNIT Internal Cultural Carnival (11th October 2024):

MNIT Jaipur's Creative Arts and Cultural Club (CACS) hosted one of its highly anticipated intra-college Cultural events, the "MNIT Internal Cultural Carnival" (MICC), on October 11, 2024, from 6:00 PM at

Central Auditorium, coinciding with the auspicious occasion of Navaratri. The MNIT Internal Cultural Carnival is an annual event promoting cultural engagement, student creativity, and community spirit within the institution. The event featured a series of cultural performances that united students, faculty, and staff in a vibrant celebration of tradition and creativity. The evening commenced with a ceremonial lamp-lighting in honour of Maa Durga, led by the Director of the Institute, Prof. N.P. Padhy Sir, Registrar (I/C), Prof. Rohit Bhakar Sir, Associate Dean of Students Welfare (DSW), Prof. Kanupriya Sachdeva, Associate Dean (Cultural), Dr. Meenakshi Tripathi. This initiation set a reverent tone for the festivities that followed.

The cultural program included various performances showcasing the diverse talents of MNIT students. The event featured a captivating classical dance, a harmonious musical ensemble, and a distinctive Nav-Durga-Darshan. A notable highlight was the dramatic rendition of the Ramayana, integrating music and drama to pay tribute to India's rich cultural heritage. The cultural program concluded with an energetic group dance performance, invigorating the audience. Following the main performances, the celebrations continued with a traditional Garba, where all the participants, including students and faculty, enthusiastically joined in the dance, capturing the festive spirit of Navaratri. The MNIT Internal Cultural Carnival was a joyful and vibrant celebration of tradition, talent, and community. With a wide range of performances and enthusiastic participation, the event successfully brought everyone together to celebrate the spirit of Navaratri and showcase the rich cultural heritage of India.

9.2.4 “Swachhata Hi Seva” by Think India Club:

An event “Green Campus Initiative” was conducted by the Think India club for the observation of “Swachhata Hi Seva” (17th September 02nd October 2024) with the theme of **“Swabhav Swachhata – Sanskar Swachhata”** under the aegis of DSW office, Malaviya National Institute of Technology Jaipur. In this event, a waste audit was carried to assess the amount of dry and wet waste generated within the campus. This report provides valuable insights into the institute's waste generation patterns and highlights opportunities for improving waste management, recycling, and sustainability practices. Waste generated across campus was collected from some department offices, hostel rooms, and residences within the institute. The waste was sorted into two categories: dry waste and wet waste. Each category was weighed using a calibrated scale to ensure accuracy. The waste data was recorded, and the potential for recycling and composting was analysed. On average, approximately 30 kg of waste per day was collected, out of which 17% was dry waste (plastic, bottles, cans, paper, etc.) and the remaining waste was wet waste (organic).

9.2.5. Music Club Activity:

- (I) **Instrumental Extravaganza:** An evening was organized at 20th November 2024 that showcased the mesmerizing talents of instrumentalists, vocal artists, and innovative performers by students. This event aimed to celebrate the magic of music while fostering an unforgettable vibe of rhythm, melody, and connection. The event commenced with an energetic drum solo, marking a historic moment as the first-ever performance of its kind by the Music Club. The rhythmic beats enthralled the audience and set a pulsating tone for the evening. This was followed by a soul-stirring piano melody that introduced a serene and reflective mood.
- (II) **A Performances:** Solo, duet, and group karaoke acts across genres was organized 21st October 2024 at Open Air Theatre (OAT) evening. Activities: Opening medley by Music Club, audience participation, and group sing-along finale. - Audience: 100+ attendees, including students and faculty.

This initiative involved workshops, discussions, and rallies emphasizing the importance of religious tolerance and social cohesion. Students actively participated in these activities such as campaigning and competition such as poster making, essay writing, debate, marathon, seminars, etc.

9.2.8. 163rd birth anniversary of “Mahamana Pandit Madan Mohan Malaviya”:

On the occasion of the 163rd Birth Anniversary of Mahamana Pandit Madan Mohan Malaviya Jayanti on 25 December 2024, MNIT celebrated this day with a warm welcome for the dignitaries and the garlanding ceremony to pay respects to Malaviya Ji. Inspirational words were shared by the distinguished guests of Banaras Hindi University, Shri K. Vikram Rastogi and Shri Anirudh Singh, while the momentous contributions of Malaviya Ji were narrated. A semi-classical dance by the Dance Club and an expressive poetic tribute by the Poetry Club gave a flavour of culture to the program.

9.2.9. Youth Fest'25:

The Youth Fest 2025 at MNIT Jaipur commenced early morning on the 12th of January at 9:30 A.M., with tremendous enthusiasm on its first day, transforming the VLTC front porch into a vibrant hub of cultural expression and creative energy. This exciting event was organized by the Cultural Arts and Creative Society, which kicked off with a warm and heartfelt welcome extended to the dignitaries and guests in attendance. The festivities began with a special tribute to the renowned spiritual leader, Swami Vivekananda, honoring his profound influence and timeless teachings. The inaugural ceremony featured the garlanding of Swami Vivekananda's statue a few minutes after the welcoming of dignitaries, a meaningful and respectful gesture that marked the beginning of the day's proceedings. The inaugural ceremony also comprised of the following events-

- Photo Exhibition on The Life of Swami Vivekananda by **The Photography Club** :
A touching photo exhibition, offering attendees a glimpse into the life and philosophy of Swami Vivekananda through captivating images that highlight his journey and contributions to society.
- Film Screening on The Life of Swami Vivekananda by **The Film Making Club** :
A screening of a film that delved into the life and teachings of Swami Vivekananda, sharing his inspiring story & message of strength, unity, and self-discovery. This was an educational and enlightening experience, allowing attendees to connect with his legacy in a deeper, more personal way.
- Traditional Sports By NSS and Think India: **NSS and Think India**:
Organized an array of traditional sports that brought both participants and spectators together in the spirit of friendly competition. The games included the Spoon and Lemon Race, Sack Race, Slow Cycling, Satoliya, and the ever-popular Tug of War, all of which added an exciting and light-hearted dimension to the festivities. The traditional sports provided an excellent opportunity for students to bond, showcase their athleticism, and enjoy each other's company
- Kite Flying By **Travel and Heritage Club and Quiz Club** :
MNIT Jaipur began with an exciting and energizing kite flying session in the morning organized by the Quiz Club and the Heritage Club. This Activity immediately set a cheerful and lively mood for the day. As colourful kites filled the sky, the energy was high, with students coming together to enjoy the simple yet delightful experience.
- Cultural Evening During Youthfest' 25 By **Music Club, Drama Club, Dance Club, Debate Club, Quiz Club** as mentioned below:
- The music performance by the Music Club truly stood out, with a combination of traditional and modern melodies that captured the essence of both classical and contemporary Indian music.
- Drama Club presented a Nukkad Natak focused on the life and teachings of Swami Vivekananda. The play was a beautifully performed representation of the challenges Swami Vivekananda faced in his life and how he overcame them through determination, wisdom, and compassion.

- The Dance Club took the stage with an elegant and dynamic dance performance. The performances added a visual richness to the evening. The audience was captivated by the talent on display, and the dance performance was a fitting tribute to the vibrant cultural heritage of India.
- Debate Club organized a session titled “Manthan,” which delved into the theme of the festival—Swami Vivekananda’s ideologies. The discussion was an intellectual exploration of his thoughts on spirituality, self-realization, and the empowerment of youth.

9.2.10. 76th Republic Day 2025:

Separate Audit Report on the Accounts of Malaviya National Institute of Technology, Jaipur

A. General

A.1 Construction work of Sewage Treatment Plant was awarded to CPWD with estimated cost of ₹5,75,82,655. CPWD in its correspondence (27.08.2024) intimated that part of the expenditure work of ₹3,76,24,353 has been booked under the saving of ongoing works and requested for funds of the remaining amount of ₹1,99,58,302. The Institute has not obtained details of expenditure of ₹3,76,24,353 related to Sewage Treatment Plant which has been charged to other ongoing works and has not made necessary adjustments in the books of accounts. Hence, the Institute is required to reconcile and make necessary adjustments in the books of accounts.

A.2 The Institute has accounted for various income[#] and interest thereon amounting to ₹ 140.56 crore under Earmarked/Endowment Fund. However, accounting of such recurring income under Earmarked/Endowment Fund was not covered by any stated accounting policy or the approval of the Governing Board of the Institute. Hence for better transparency and presentation of Accounts, the Institute is required to make and disclose policy of accounting of such incomes in the books of accounts.

B. Management Letter

Deficiencies which have not been included in this Separate Audit Report have been brought to the notice of the Management through a Management Letter issued separately for remedial/corrective action.

C. Assessment of Internal Controls

(i) Adequacy of Internal Control System:

No inadequacy of internal controls was noticed during audit.

(ii) Adequacy of Internal Audit System:

No inadequacy of internal audit was noticed during audit.

(iii) System of Physical verification of fixed assets:

Physical verification of fixed assets was conducted for the year 2024-25.

(iv) System of Physical verification of inventory:

Physical verification of inventory was conducted for the year 2024-25

(v) Regularity in payment of statutory dues:

As per the records, no irregularity in payment of statutory dues was noticed.

Computer and internet fee, Examination fund, Final degree certificate fees, Identity card, Industrial training and placement, Laboratory fee, Library fee, Professional development fee, Student welfare fee, Students insurance, Transcript fee and Interest (student fund)

**D. Grants in aid**

In the beginning of the year ₹9.05 crore unspent balance was available. The Institute received Grant-in-aid of ₹248.74 crore (General Head: ₹91.03 crore, Salary Head: ₹120.60 crore, Capital Assets Head: ₹34.37 crore, SIPDA: ₹1.48 crore and HEFA interest: ₹1.26 crore) during the year. Out of total Grants-in-aid of ₹257.79 crore, the Institute could utilize a sum of ₹246.93 crore (Capital Expenditure: ₹34.37 crore, and Revenue Expenditure: ₹212.56 crore) leaving a balance of ₹10.86 crore as on 31 March 2025.

Encl.: As above

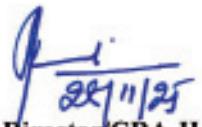

Annexure

I. Inadequate disclosure regarding Retirement Benefits and non-compliance of provisions of Accounting Standard - 15

The accounting standard (AS) 15 mandates that an enterprise should disclose information that enables users of financial statements to evaluate the nature of its post-retirement defined employee benefit plans and the financial effects of changes in those plans during the period. An enterprise, *inter alia*, should disclose its accounting policy for recognising actuarial gains and losses, a general description of the type of plan, a reconciliation of opening and closing balances of the present value of the defined benefit obligation, whether plans are funded or unfunded, a reconciliation of the opening and closing balances of the fair value of plan assets, the principal actuarial assumptions used, the total expense recognised including current service cost, interest cost, expected return on plan assets, actuarial gains and losses, past service cost, etc.

The Institute has though, provided for post-retirement employee benefit expenses and liabilities in respect of Leave Encashment and Gratuity in their accounts, however, the mandatory disclosure required to be made in accordance with the provisions of AS 15 have not been made. As such accounts of the Institute are deficient to that extent.

ANNUAL ACCOUNTS 2024-25

SCHEDULE: 23

SIGNIFICANT ACCOUNTING POLICIES

1. BASIS FOR PREPARATION OF ACCOUNTS

The accounts are prepared under the Historical Cost Convention unless otherwise stated and generally on the Accrual method of accounting.

2. REVENUE RECOGNITION

- 2.1** Fees from Students, Sale of Admission Forms, and Royalty are accounted on cash basis.
- 2.2** Income from Land, Building and other property and Interest on Bank Fixed Deposits/ Saving Accounts are accounted on accrual basis.

3. FIXED ASSETS AND DEPRECIATION

- 3.1** Fixed assets are stated at cost of acquisition including inward freight, duties and taxes and incidental and direct expenses related to acquisition, installation and commissioning.
- 3.2** Fixed assets are valued at cost less accumulated depreciation. Depreciation on fixed assets is provided on Straight line method, at the following rates:

Tangible Assets:

1. Land	0%
2. Site Development	0%
3. Buildings	2%
4. Roads & Bridges	2%
5. Tube wells & Water Supply	2%
6. Sewerage & Drainage	2%
7. Electrical Installation and equipment	5%
8. Plant & Machinery	5%
9. Scientific & Laboratory Equipment	8%
10. Office Equipment	7.5%
11. Audio Visual Equipment	7.5%
12. Computers & Peripherals	20%
13. Furniture, Fixtures & Fittings	7.5%
14. Vehicles	10%
15. Lib. Books & Scientific Journals	10%

**Intangible Assets (amortization):**

1. E-Journals	40%
2. Computer Software	40%
3. Patents and Copyrights	9 years

3.3 Depreciation is provided for the whole year on additions during the year.

3.4 Where an asset is fully depreciated, it will be carried at a residual value of Re. 1 in the Balance Sheet and will not be further depreciated. Thereafter, depreciation is calculated on the additions of each year separately at the rate of depreciation applicable for that asset head.

3.5 Assets created out of Earmarked Funds and funds of Sponsored Projects, where the ownership of such assets vests in the Institution, are setup by credit to Capital Fund and merged with the Fixed Assets of the Institution. Depreciation is charged at the rates applicable to the respective assets. Assets created out of Sponsored Project funds, where the ownership is retained by the sponsors but held and used by the Institution are separately disclosed in the Notes on Accounts.

3.6 Assets, the individual value of each of which is Rs. 2000 or less (except Library Books) are treated as Small Value Assets, 100% depreciation is provided in respect of such assets at the time of their acquisition. However physical accounting and control are continued by the holders of such assets.

3.7 No depreciation is charged on assets created out of TEQIP project fund as per the World Bank Norms. As per TEQIP guidelines, Equipment replacement fund and maintenance fund were created during the tenure of TEQIP phases.

4. Intangible Assets:

Patents and copy rights, E Journals and Computer Software are grouped under Intangible Assets.

4.1 Electronic Journals (E-Journals) are separated from Library Books in view of the limited benefit that could be derived from the on-line access provided. E-journals are not in a tangible form, but temporarily capitalized and in view of the magnitude of expenditure and the benefit derived in terms of perpetual knowledge acquired by the Academic and Research Staff; Depreciation is provided in respect of E-journals at a higher rate of 40% as against depreciation of 10% provided in respect of Library Books.

4.2 Expenditure on acquisition of software has been separated from computers and peripherals, as apart from being intangible assets, the rate of obsolescence in respect of these is very high. Depreciation is provided in respect of software at a higher rate of 40% as against depreciation of 20% provided in respect of Computers & Peripherals.

5. STOCKS

The expenditure incurred on estate maintenance and other stores is accounted as revenue expenditure, except that the value of closing stock held on 31st March is set up as inventories by reducing the corresponding Revenue expenditure on the basis of information received from Estate and Store section. They are valued at cost.

ANNUAL ACCOUNTS 2024-25

6. RETIREMENT BENEFITS

Provision for liability towards accumulated leave encashment of employees, pensionary benefit and gratuity payable on death/retirement of employees as on 31st March, 2025 has been done on actuarial basis.

7. INVESTMENTS

The investments of the institute are in FDRs and they are recognized in the books as per the statement provided by banks/financial institutions.

8. GOVERNMENT GRANTS/ SUBSIDIES :

- 8.1** Government Grants are accounted on realization basis.
- 8.2** Grants in respect of specific fixed assets acquired are made part of the capital fund on utilization of the grant.

9. INCOME TAX:

The income of the Institution is exempt from Income Tax under Section 10(23c) (iiab) of the Income Tax Act 1961. Therefore, no provision for Income Tax is therefore made in Annual Accounts 2024-25.

ANNUAL ACCOUNTS 2024-25

	<p>said work on 30.03.2012. As per work details submitted by CPWD as on 25.03.2013, Rs.78,92,878/- were spent by CPWD for the said work, accordingly, this amount was booked as outstanding expense on accrual basis. Later on as per work details submitted by CPWD as on 31.01.2014, Rs.99,80,777/- were reported as expenditure and Rs. 65,55,777/- were demanded by CPWD. Due to unsatisfactory work, balance payment was not released to CPWD and correspondences were made to sort out the complaints of residents regarding seepage/leakages as work got done by CPWD had 10 years guarantee. CPWD forwarded last bill to MNIT on dated 29.11.2019 wherein total expenses of Rs. 1,00,89,571/- were reported and balance amount of Rs. 66,64,571/- were demanded. Finally, it was decided in 28th and 36th BWC that amount given to CPWD as advance may be adjusted against some another work, as work was not carried out as per applicable standards. Accordingly, a letter was sent to CPWD on 16.12.2019 informing that advance will be adjusted against some another work, as work was not carried out as per applicable standards. CPWD is again and again demanding the balance amount vide letters dated 19.02.2020, 15.06.2020, 07.08.2020 placed at page 205/c, 220/c and 227/c respectively. A letter has been sent to ExEN, Jaipur I, through o/o Executive engineer, MNIT Project division, CPWD to transfer Rs. 34,25,000/- to MNIT project division so that same may be adjusted against other works. Looking at the aforesaid factual position, Rs.78,92,878/- booked as liability on 31.03.2013 was reverted in FY 2023-24 and liability of Rs. 66,64,571/- as demanded by CPWD shown as contingent liability.</p>	
7	<p>MNIT VS M/s Suresh Goel and associate M/s Suresh Goel and associate submitted 11th running bill for Architectural consultancy for VLTC building construction amounting to Rs 16.77 lakhs.
